BEHAVE YOUR PRINTS

## DIGITAL FOOTPRINT: AN INTRODUCTION

In the digital era, every click, like, share, and comment we make contributes to our digital footprint. These digital traces, often invisible to the naked eye, form a complex web that tells a story about who we are, our preferences, and our online behaviors. The "Behave Your Prints" project has delved into the intricacies of these digital traces, exploring how they impact our lives and the world around us.

Exploring the Digital Footprint in the Erasmus+ Project

We are excited to announce the final conference of the Erasmus+ project "Behave Your Prints," a pivotal event that marks the culmination of our journey in understanding and managing our digital footprints.

As the digital world continues to evolve rapidly, our online presence and the trails we leave behind have become topics of paramount importance. This conference aims to shed light on these aspects, offering insights and solutions developed throughout the project.

## CONFERENCE HIGHLIGHTS

This final conference is more than just a meeting; it's a showcase of the collaborative efforts of our partners from various countries. Each partner will present the work package they have led, offering unique perspectives and findings. Here's a glimpse of what to expect:
